"Our City of Greendale has lost a long-time public servant with the passing of Ald. Alexander Herman. He served for many years over multiple terms in office. Please lift up his family. Thank you, Alex, for your service."

2018– 2019 Animal License Registration

Failure to register your pet will result in a citation from code enforcement. If you have or care for a dog or cat, your pet must be registered with the City of Greendale and vaccinated against rabies when such dog or cat reaches the age of four months. Licensing of dogs and cats in Greendale is required annually by **May 1st** (205.020). The fee for registration is \$5.00 per pet and a copy of your pet's rabies vaccination is required. Registration forms can be found on our website at www.greendale-mo.us or you may come into city hall to complete the registration in person and receive your 2018 – 2019 Pet Tag. If your dog/cat goes missing, having him/her licensed drastically improves your chances of getting him/her back. A license tag helps animal control and shelters quickly identify your pet and get him/her back to you safely.

IF YOU HAVE FAILED TO REGISTER YOUR PET(S), YOU ARE NOW LATE AND YOU MAY BE SUBJECT TO RECEIVING A CITATION FROM THE CODE ENFORCEMENT OFFICER. COME INTO CITY HALL AT YOUR EARLIEST CONVENIENCE TO OBTAIN THE TAG(S). MAKE SURE YOU HAVE CURRENT RABIES VACCINATION WITH YOU. COST IS STILL \$5.00 PER ANIMAL.

Citywide Annual Exterior Survey

The Building Commissioner will be conducting the Citywide Annual Exterior Survey beginning **May 15, 2018**. Take a walk around your home, check for peeling paint, hanging gutters, broken concrete, failed retaining walls, missing chimney caps, handrails, garage doors, exterior doors, windows, etc. If violations are found, the Building Commissioner will place a notice on your door, identifying code violations. A re-inspection will be done by the Building Commissioner on September 30, 2018. The Code Enforcement Officer and Building Commissioner will work together to ensure violation notices are not duplicated.

All city ordinances are listed on the website: www.greendale-mo.us

CITY CLERK'S MESSAGE

I thought I would share an article from fellow City Clerk/Manager

A City Clerk is NOT just a Secretary!

By Amber Mathiesen, City of Mt. Angel Oregon City Manager

You can imagine the conversation that must go on in the head of new local government employees if they were to pause and think about the City Clerk's role. City Clerks are also commonly titled as a Recorder or Municipal Clerk. What exactly does a Clerk do anyway?

Some may casually state the Clerk is the secretary that collects the staff reports and documents for the Council agendas, but that cannot be the only thing that person does.

This makes me want to shout "The Clerk is not a secretary anymore"!

Gone are the days where the Clerk simply took notes, filed papers in a drawer, and reminded people of important dates while scheduling meetings and making coffee.

While the Municipal Clerk is the oldest of public servants in local government along with the tax collector and the position is rich in history, it serves an even more complex role today.

The Clerk's office is critical to a community, and is a hub of activity.

Depending on the size of the community the Clerk serves in multiple roles. Generally the Clerk's office is responsible for the compilation of the agenda, legal notices, public records request processes, and local elections. Clerks are also responsible for recording and circulating all city council actions, resolutions, ordinances, and minutes.

In larger agencies the Clerk's office may be a department with its own staff, or part of a larger department. In smaller communities the Clerk may also serve as the Manager, alas without the title that is really deserved for the job at hand.

When examining the responsibilities of the City Clerk there is a great deal of responsibility which requires an aptitude for managing multiple priorities, with competing audiences as well as managing people. Clerks today must embrace technology as they manage the voluminous number of records that are produced. Clerks are required to be able to communicate across multiple platforms while speaking to diverse audiences.

Clerks work with staff, the public, and elected officials and have access to volumes of information. This makes the position a great place to gather information, learn about every department, and learn to communicate across audiences. If you are looking for a position that offers a wide variety of duties where you are not a secretary, and you get to work with management on a daily basis, the Clerk position is definitely one to consider.
